

▲ **Salmon Fillet - M5527** features a beautiful handle of rosewood and bronze with a 7.5" forged stainless steel blade.

▲ **EL Fillet - ELF16** has a 6" stainless blade. Hand-made in Lapland with a reindeer antler and birch handle. Includes a beautiful wooden case to hang in the cabin or kitchen.

▼ **Wahoo Knives** These Stainless Damascus blades have been cooled to temperatures as low as -112F during their formation, creating balanced razor sharp blades that are not only surprisingly powerful but also easy to handle. These knives combine modern day technology with centuries old cultural heritage. Handles are of wood and buffalo horn.

▲ **R-Line Kitchen Knives** feature rustic hand-forged carbon steel blades on curly birch handles and come in a wood block.
