◀ **Kellam Blades** are available in carbon and stainless.

▼ **All Purpose Knife - M571** One of the best performing knives for the price - 3.5" razor sharp forged carbon steel with a 4.5" handle.

▲ **Spirit of the Puukko** Our 30 min. film shows knife making in the famous KP smithy in the traditional manner. Included is some "Kalevala" mythology about the origin of steel and other cultural history and shots of Finnish animals.

▶ **Utility Knives** have rugged, high quality 3.7" blades that will last a lifetime. Models S4 and S7 are carbon steel and S5 and S6 are stainless. These knives feature an innovative reversible belt clip.

◀ **Knifork - S1** is great for picnics, barbeques and travel. Practical utensils for eating and when locked together make for a handy tong for putting items on the grill or serving. Available with black or white handles.

▶ **Shark** 6.25" stainless steel blade with serrated spines for effortless scaling of fish and slicing veggies. This is Jouni's favorite kitchen knife, and it comes with a protective sheath. Available in black or blue.
